

VALKOMMEN to Stanton Care Center

July 2010

Going Back to School!

Several residents enjoyed a day with their fourth grade buddies at the Stanton school. They sat in on their science class, did a few class projects, went to art class with their fourth graders and ate lunch with them. They had a great time going back to school!

National Nursing Home Week: *Islands of Paradise*

“Islands of Paradise” was our theme to celebrate National Nursing Home Week. Life Enrichment did an excellent job of planning events to help celebrate the week. The week kicked off with a visit from Wayne Miller and his accordion music, along with some paradise bingo, cruising the island on the golf cart, a tropical family supper, and then we closed the week with a Caribbean video.

Congratulations!

Congratulations to Phyllis and Edith for reaching your 8 mile (84,480 steps) Nu Step milestone. You have officially walked from Stanton to Red Oak. Keep up the good work!

Please remember to have all new clothing, blankets, and non-clothing items marked and inventoried by laundry staff. All boxes and personal items are required to be at least 18 inches below the fire sprinkler head in the closets. We appreciate your cooperation.
